

B'S RECYCLING

ABOUT US

B's Recycling was founded by Mr. Paul Bynoe in the year 2001, with the mission of maximizing the diversion of waste from the landfill towards recycling. The core business of the company is the collection of recycling materials such as plastic and glass bottles, aluminum and tin cans, cardboard boxes and vehicle batteries. Since then, we have expanded into the collection and recycling of unwanted vehicles, metal scrap and household appliances.

WHAT WE COLLECT

At present we collect a variety of materials for recycling.

- Plastic Bottles and containers
- Glass Bottles or Jars
- Aluminum & Tin Cans
- Corrugated Cardboard
- Galvanize
- Stoves
- Old Vehicles
- Vehicle Batteries
- Electronic Appliances

COLLECTION DAY AND FEE

The collection for recyclables will be done every Saturday between the hours of 8:00am – 5:00pm, for a fee of \$10.00 monthly per household. With the exception of bulk waste (unwanted vehicles, stoves, refrigerators, washing machines, dryers, metal etc.) can be scheduled for collection by contacting our office at 438-9285.

HOW TO PREPARE RECYCABLES FOR COLLECTION

For an easy process the items can be separated and stored in bags or a recycling bin, which can be placed at the bottom of the driveway or an accessible location for collection.

Reece Road, Cane Garden St Thomas, Barbados W. I
